

Lights:

- Fluorescent, incandescent, halogen, led
- Built-in, ceiling, wall, downlights, emergency, explosion-proof
- For technical areas, for open decks, for residential areas

Searchlight and floodlight:

- With incandescent lamp, xenon, halogen, metal halide, sodium, mercury, led
- Explosion-proof

Navigation light:

- Double, single
- Led, with incandescent lamp
- Plastic, stainless steel

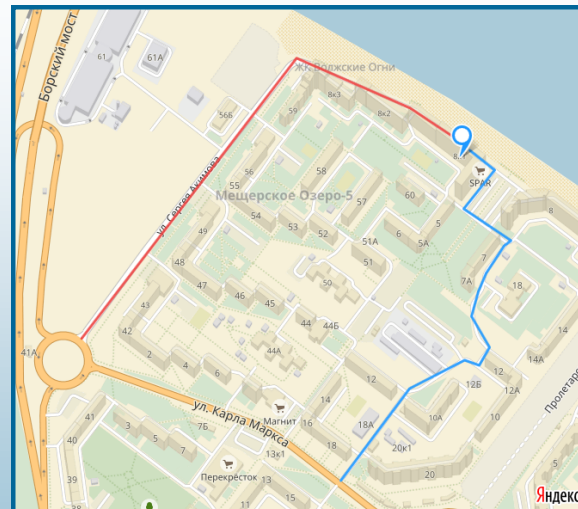

Installation equipment:

- Plastic, brass
- Cabin, for outdoor installation
- Explosion-proof

**Production of ship lighting equipment,
 navigation lights, installation equipment,
 sound-signalling facilities**

Own production is:

- Three assembly workshops with a total area of 200 sq. m.
- Machine park (presses 5-100 tons, guillotine, turning, milling, drilling)
- Welding equipment (argon, spot, plasma welding)

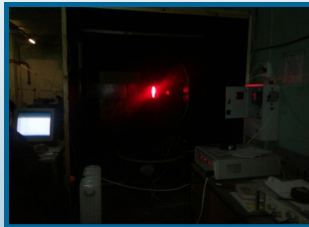

Own paint area this is:

- Powder coating line
- Traditional paint line
- Drying chamber

Our own testing equipment is:

- Electric loading equipment
- Lighting
- Degree of protection (IP)
- EMC

Own storage facilities:

- Total area of 700 sq. m.
- Partially heated

Implemented project:

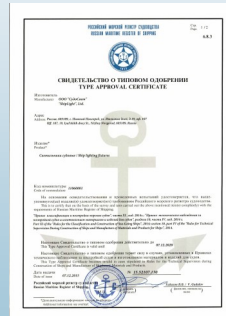

- RST54
- RST27
- ST23WI
- RSD32M
- 81
- 92800

- TG17
- PV09
- SD59
- 300
- BLV04
- 221

Our advantage:

- Constant availability of components and spare parts
- Recognition By The Russian River Register
- Recognition By The Russian Maritime Register Of Shipping
- High quality
- Low cost
- Fast production time
- Implemented ISO 9001-2015

New equipment:

1. Led explosion-proof navigation lights ΦCO2 B3

2. LED floodlight ПС23-100/200/400/600Д

3. LED searchlight ПС4-250/400Д-3

4. LED lighting for the passenger fleet
